TOTAL WORLD POPULATION: 7,265,501,297
1 grid square = 1 million people

Countries with more than 10 million people have their populations labeled on the map.
Countries with less than 1 million people are shown with a star.

Sources: U.S. Bureau of the Census, International Data Base 2015 population estimates; The South Sudan Center for Statistics, Census, and Evaluation; Tibet Information Network; Free Tibet Campaign

Country colors are randomly selected, aesthetically assembled, and have no particular significance.

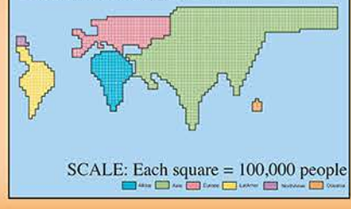
1. Hobo-Dyer Equal Area Projection

Courtesy of Oxford Cartographers © 2015

2. 100,000 years ago

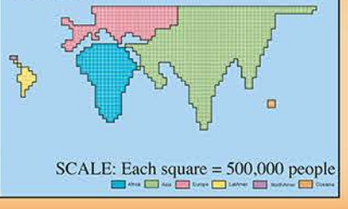
SCALE: Each square = 1,000 people

3. Birth of Christ (0 C.E.)



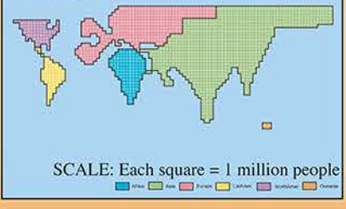
SCALE: Each square = 100,000 people

4. AD 1650



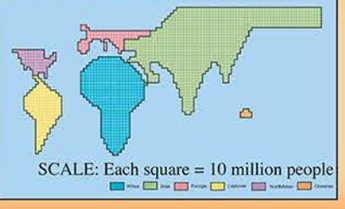
SCALE: Each square = 500,000 people

5. AD 1900



SCALE: Each square = 1 million people

6. AD 2150 (projected)



SCALE: Each square = 10 million people

7. Children Under 15: 2013-14
