Statistics in this document are based on survey feedback from 2021-2022 PopEd workshop participants.

© 2023 Population Connection
Between 2021 and 2022, Population Education:

- Trained 20,077 educators with Population Education resources.
- Facilitated 1,114 teacher training workshops in 49 states, the District of Columbia, six Canadian provinces, and three countries abroad.
- Conducted 553 pre-service workshops, 77 sessions at teacher conferences, 21 in-service events, and 249 AP Summer Institutes.

“I have been to both face to face and online workshops—both were excellent, well organized, engaging, and timely—emphasis on contemporary topics & pedagogy—THANK YOU!”

Classroom Use of Materials

The vast majority of workshop participants use the materials they receive at PopEd workshops, integrating lessons throughout the year to teach a variety of topics and standards.

How well do Population Education materials align with your teaching standards?

Teachers report using an average of 3 PopEd lessons with their students. Of those who have used our materials, 38% teach science, 43% teach social studies, and 48% Human Geography or Environmental Science (AP or regular). Other subjects include math (10%), language arts (7%), and gifted and talented (5%). 36% of respondents used PopEd materials with elementary students, 26% with middle school students, and 52% with high school students.

How frequently do you use Population Education materials?

- 25% QUARTERLY
- 22% ONCE PER YEAR
- 13% MONTHLY OR MORE
- 46% EXCELLENT
- 49% GOOD
- FAIR 5%

Student Impacts

PopEd lessons engage students, improve critical thinking, and inspire youth to advocate for positive solutions to global challenges.

Teachers report using PopEd materials with an average of 64 students each. 94% of teachers Strongly Agree or Agree that PopEd lessons effectively engaged their students. 91% reported an increase in students’ awareness of population related issues as well as improved critical thinking and/or problem solving skills. Two thirds report changed behavior among students when interacting with each other and the natural world.

98% of workshop attendees rated the Population Education lessons and materials presented as Excellent or Good.

59% EXCELLENT
39% GOOD

“I am so grateful for these high-quality, ready-to-use resources.”

“Because teachers often teach more than one subject area and grade level, percentages add up to greater than 100.”
